**Subject: Letter of recommendation**

To whom it may concern

The Dorad 800MW Power Plant in Ashkelon is in its final stages of completion.

I would like to take this opportunity to thank El-Mor for their part in the plant's erection.

El-Mor was our Lead Electrical & Instrumentation Contractor and has greatly contributed to the successful completion of the project.

Their dedication and professionalism while meeting all Wood Group's Quality requirements and in compliance with our HSE regulations is admirable.

This is also taking in to consideration the demanding time table they were given.

We look forward to future cooperation.

Sincerely,  

Cormac O'Dwyer  
Project Manager
